SUMMARY

UI/UX Designer and M.Des (User Experience Design) candidate at Symbiosis Institute of Design, with over a year designing dashboards, CRM interfaces, websites and mobile apps end-to-end, from user research to developer handoff. Builds reusable design systems, runs usability testing, and takes Figma concepts into working code with AI-assisted tools like Claude Code and Antigravity. Keen interest in accessible, AI-driven product experiences.

EXPERIENCE

Trainee UI/UX Designer Jan 2026 – Jul 2026

Centralogic, Pune, India

- Owned end-to-end UI/UX design of the Huhoka mobile CRM app, translating the CRM dashboard into intuitive mobile interaction patterns aligned with brand guidelines and current market trends.
- Created a complete design system for Huhoka, with reusable UI components, patterns, light and dark mode themes, and documentation for consistent product experiences.
- Led end-to-end UI/UX design of the Centralogic website landing page and FAQ section.
- Produced graphic assets including slide decks, brochures, email templates and brand documentation.

UI/UX Designer Intern Mar 2025 – Sep 2025

CyberWaves (Varuna Marine Services), Remote, India

- Sole UI/UX designer for Cybersmart's dashboards, website and mobile app, from research to developer handoff.
- Collaborated closely with developers, iterating on designs during development to protect UX quality.

PROJECTS

Cybersmart: Smart Inspection Dashboard (Maritime Enterprise SaaS) Industry Project, 3 Months

- Redesigned the Smart Inspection module for ship inspections; benchmarked competitors and ran a SWOT analysis.
- Built a design system (grids, typography, colour, status indicators, reusable components) for consistent screens.

Fankr: Inclusive Music App for Deaf and Hard-of-Hearing Users Mobile App, 1 Month

- Led end-to-end design, from user interviews and information architecture to high-fidelity UI with synced lyrics, beat-based haptics and colour visualisation.
- Usability tested with deaf and hard-of-hearing users via A/B testing, eye tracking and SUS (69.5, above average).

Personal Portfolio Website Live site | GitHub repo

- Designed in Figma and built as a working website using AI-assisted development tools (Claude Code, Antigravity), with version control on GitHub and live deployment on Vercel.

EDUCATION

Master of Design (User Experience Design), Symbiosis Institute of Design, Pune 2025 – Present

Bachelor of Design (Interior Design), Maharaja Agrasen Himalayan Garhwal University, INSD Mumbai 2019 – 2023

SKILLS

Design & Prototyping	Figma, FigJam, Figma Make, Framer, Adobe Creative Cloud, Miro, Wireframing, Prototyping
Frontend & Code	HTML & CSS (basic), Responsive Web Design, AI-Assisted Figma-to-Code, GitHub, Vercel
AI Tools	Claude Code, Antigravity, Claude, ChatGPT, Gemini, Figma Make, AI Agents, Enterprise AI
UX Methods	User-Centered Design, Interaction Design, Design Systems, Component Libraries, Usability Testing, Accessibility (WCAG), User Research, Information Architecture, Design Thinking, UX Strategy, Analytics
